EXERCISE 2

- **Chapter 12 – Introductory activity (p.80)**

- Make groups of 2 students.

- Visit the page "Science & Technology" of the web site of Science Center and Technology Museum www.tmth.edu.gr

- Choose the theme of telecommunications, explore the short stories provided about them and write a summary describing the most important of them.

- Present your summaries in the classroom and compare them with the summaries of other students. Are there any differences between them?
